2013PHCSTAGUpdateJune11.pdf;

Portland Harbor is on a tight schedule with the NRRB/CSTAG meeting in mid November in Portland. To make the meeting most “efficient”, the Region would like to have 2 – 3 pre-meeting briefings of the CSTAG (and a few Board members) before Nov. to identify and hopefully resolve key potential issues before the NRRB meeting. These could be technical differences in opinions, differences in policy interpretations, and problems with transparency (i.e., we don’t understand their decision logic). Since one of our CSTAG goals is early involvement, this makes sense. Even though it is not very early, it is before the draft proposed plan.

The RI is done and Reg. 10 is finalizing the Report. They are preparing the FS; Section 1 is done, Section 2 (screening of alternatives) is out for review, and 3 is being drafted now. The first briefing will be on Section 1 which is a summary of the RI.

I don’t have any tentative dates from the Region yet, but I wanted to give you all a heads up.

As a re-fresher, I have attached the briefing they us in 2013. Chip has retired and Kristine Koch is the lead RPM.

PS – don’t forget to book your room for the Newtown Creek mtg. in May.
